

ITEM 636.75030225 - GENERAL AND EMERGENCY BRIDGE REPAIR EQUIPMENT COST – FIXED PRICE

1. DESCRIPTION:

- 1.01 The work will consist of providing the necessary equipment for structural repairs to bridges damaged due to impact or deterioration.

2. MATERIALS:

- 2.01 The equipment used shall meet the requirements of the current Standard Specifications, as amended by the Special Notes which are a part of this contract.

3. CONSTRUCTION DETAILS:

- 3.01 Construction detail requirements shall be determined at the time the “scope of work” is defined by the Engineer as described in the Special Notes.

4. METHOD OF MEASUREMENT:

- 4.01 The Engineer’s Estimate indicates a base equipment cost for this Contract only. This work will be measured as a lump sum based upon agreed prices or force account records submitted to reflect the work actually performed in accordance with either Section 109-05A or 109-05B, as determined by the Division Construction Engineer, and Section 109-05C of the Standard Specifications.
- 4.02 The lump sum shown in the itemized proposal for this work will be considered the price bid even though payment will be made only for actual work performed. This lump sum figure is not to be altered in any manner by the bidder. Should the bidder alter the amount shown, the altered figure will be disregarded, and the original price will be used to determine the total amount bid for the contract.

5. BASIS OF PAYMENT:

- 5.01 The Contractor shall keep accurate equipment cost records for the work described above in a manner required by Section 109-05 of the Specifications. The payment of the actual work will be made in accordance with the Special Notes – Bridge Where and When Contract.
