

ITEM 615.0105--25 - RELOCATE WOOD PLANTERS

1. DESCRIPTION:

- 1.01 This work shall consist of the relocation of existing wood planters and associated landscaping in accordance with this specification and as directed by the Engineer.

2. MATERIALS:

- 2.01 None specified.

3. CONSTRUCTION DETAILS:

- 3.01 The Contractor shall verify exact location of new planter location with the Engineer prior to relocating the planter.
- 3.02 The Contractor shall submit to the Engineer, for approval, a plan for relocating the existing planters. The plan should identify the means and methods that will be utilized for relocating the planters including, but not limited to, the specific equipment that will be used as part of the operation and the precautions that shall be taken to protect the planters and or surrounding areas during the relocation.
- 3.03 Care shall be exercised in relocating the planters to prevent damage to any part of the planter or associated landscaping. Any damage shall be repaired, or the damaged part replaced, to the satisfaction of the Engineer at the Contractor's expense.

4. METHOD OF MEASUREMENT:

- 4.01 The quantity to be paid for will be the number of wood planters as specified on the Contract Documents or as ordered by the Engineer acceptably relocated and approved by the Engineer.

5. BASIS OF PAYMENT:

- 5.01 The unit price bid per unit for the above work shall include the cost of furnishing all labor, equipment, tools, and materials necessary to complete the work.
