

**ITEM 589.10--25 -      REMOVAL OF EXISTING STAY-IN-PLACE DECK FORMS**

**1.      DESCRIPTION:**

- 1.01      This work shall consist of removal and disposal of existing steel stay-in-place deck forms where indicated on the contract plans, or where ordered by the Engineer.
- 1.02      Materials removed as part of this work shall be transported from the work site and disposed of by the Contractor, unless otherwise indicated on the Contract Plans or directed by the Engineer.

**2.      MATERIALS:**

- 2.01      Not applicable.

**3.      CONSTRUCTION DETAILS:**

- 3.01      The provisions of §589-3 Construction Details shall apply.
- 3.02      Cutting operations for removing the existing stay-in-place forms shall not damage the underside of the existing concrete deck, structural steel, or any materials that are to remain.
- 3.03      If the Contractor's operations damage existing concrete or steel which is to remain in place, the damaged areas shall be repaired or replaced in a manner satisfactory to the Engineer at the expense of the Contractor.

**4.      METHOD OF MEASUREMENT:**

- 4.01      Measurement shall be made as the number of square feet of stay-in-place forms removed.

**5.      BASIS OF PAYMENT:**

- 5.01      The unit price bid per square foot shall include the cost of furnishing all labor, materials, and equipment necessary to satisfactorily complete the work.
- 5.02      Removal and replacement of deteriorated concrete shall be paid for under its appropriate pay item as shown on the plans.
