PART 5. SPECIAL PROVISIONS

5.1. NYSTA Special Specifications and Standard Drawings and Details

The NYSTA special specifications are provided as electronic files in the sub-folder *Part 5 – Section 5.1 NYSTA Special Specifications*. Attachment A in Section 5.6 herein lists the NYSTA special specifications provided in the sub-folder.

The amendments listed in Section 5.3 herein also apply to the NYSTA special specifications.

Where calendar day milestones are shown in the NYSTA special specifications and are not in accordance with another Contract Document, that other Contract Document shall govern.

The NYSTA Standard Drawings and Details are provided as electronic files in the sub-folder *Part 5 – Section 5.2 NYSTA Standard Drawings and Details*. Attachment B in Section 5.7 herein lists the NYSTA standard drawings provided in the sub-folder.

5.2. Special Provision to Section 100 of NYSDOT Standard Specifications Construction and Material

Delete the entire Section 100 of the New York State Department of Transportation *Standard Specifications Construction and Materials*, dated May 1, 2008, amended as of January 12, 2012. Replace Section 100 of the NYSDOT *Standard Specifications Construction and Materials* by *Part 2 – DB §100*.

5.3. Special Provision to Sections 200-699 of NYSDOT Standard Specifications Construction and Material

The following amendments apply to Sections 200 through 699 inclusive of the New York State Department of Transportation *Standard Specifications Construction and Materials*, dated May 1, 2008, amended as of January 12, 2012:

- A. All contact with Authority staff or offices except for personnel assigned to the Project shall be through the Authority's Project Manager;
- B. The word "Department" shall be replaced by Authority;
- C. References to "plans" or "contract plans" shall mean the Design Plan prepared by the Design-Builder;
- D. Unless specified otherwise by a Project-specific Special Provision or other Contract Document, there will be no measurement for payment except for Unit Priced items specifically shown in the Price Proposal. All Work will be paid on the basis specified in *Part 2 DB § 109*;
- E. All references to "Section 100" specifications shall mean equivalent references to *Part 2 DB* §100 specifications.
- F. Delete the following phrases:
 - i. "deemed necessary by the Engineer";
 - ii. "to the satisfaction of the Engineer";
 - iii. "as determined by the Engineer";
 - iv. "subject to the approval of the Engineer";
 - v. "as specified by the Engineer";

- vi. "approved by the Engineer";
- vii. "ordered by the Engineer";
- viii. "established by the Engineer";
- ix. "acceptable to the Engineer";

or similar phrases denoting instruction by or consent from the Engineer and replace with "as shown on Design Plans and/or Project Specifications released for construction per *DB §111-11*."

If the relevant information is not shown on the Design Plans or covered in the Project Specifications, the Design-Builder shall have the Designer change the Design Plans and/or Project Specifications to incorporate the missing information;

- G. Delete references to "payment lines" and replace with "lines shown on the Design Plans";
- H. References to "Proposal" or "proposal" shall be interpreted to mean the Contract Documents;
- Unless specifically stated otherwise in the Contract Documents, sampling, testing and inspections specified to be done by the Engineer or other Agency staff, shall be performed by the Design-Builder's QA Engineering Firm;
- J. Working Plans or working drawings, as defined in Part 2 –DB § 101-3, shall be reviewed per *DB* § 111-11;
- K. "Submission" or "submittal" used in the design shall be subject to review and Authority's acceptance per *DB* §111-11;
- L. All references to "the Engineer" or "the Engineer-in-Charge" shall mean the Authority's Project Manager or a designated representative;
- M. All references to "Contractor" shall mean Design-Builder;
- N. References to: "Deputy Chief Engineer Design, Construction, Technical Services"; any Division in Main Office NYSDOT; "Regional Director"; "Regional Design Engineer"; "Materials Engineer"; "Construction Engineer"; or any other similar title and role shall mean the Authority's Project Manager or a designated representative;
- O. References to "Departmental Engineering Geologist" shall have the meaning defined in *Part 2 DB §101-3*;
- P. References to "Departmental Geotechnical Engineer" shall have the meaning defined in *Part 2 DB §101-3*;
- Q. References to "Contract Award" shall mean Notice to Proceed;
- R. References to "preconstruction meeting" shall mean pre-work meeting;
- S. There shall be no quality payment adjustments under this Contract;
- T. Except for Section 619-5.01 General, in each Specification delete Section 4 Method of Measurement and Section 5 Basis of Payment;
- U. Delete Section 637 Engineer's Field Office, Laboratory and Equipment;
- V. Add the following to Section 648 Subsurface Explorations:
 - "The Design-Builder shall be responsible to determine the nature, extent, and locations of subsurface explorations needed to obtain data and support subsequent analysis, design, and construction. The Design-Builder shall also be responsible for determining the adequacy of any subsurface exploration data provided by the Authority to support its analyses, design, and

construction and to supplement such data provided by the Authority as the Design-Builder deems necessary.

"In planning and conducting its subsurface explorations, the Design-Builder shall comply with the technical requirements of Section 648, unless the Authority agrees otherwise. The Design-Builder is not required to comply with the administrative requirements specified in Section 648."

- W. Delete Section 697 Field Change Payment;
- X. Delete Section 698 Price Adjustments;
- Y. Delete Section 699 Mobilization.

5.4. List of ongoing contracts at the Project Site

Excluding possible works associated with utilities, the following contract(s), between the Authority and other organizations, involving physical work within or near the Project Site shall be underway during all or part of the period between NTP and Final Acceptance:

A. TANY 10-9B TZB Redecking - Phase II.

5.5. List of potential future contracts at the Project Site

Excluding possible works associated with existing utilities, the following known contract(s), involving physical work within or near the Project Site may be awarded and have physical work started during of the period between NTP and Final Acceptance:

- A. NYSTA: Authority contract with third party between Mileposts 11-13 for pavement related improvements (potentially 2016 construction); and
- B. NYSTA: Authority contract with third party between Mileposts 16-24 for pavement and safety related improvements (potentially 2015 construction); and
- C. Champlain Hudson Power Express, Inc: (CHPEI) has filed an application for a Certificate of Environmental Compatibility and Public Need for a 1000 MW transmission facility from the Canadian border in the Village of Rouses Point, Town of Champlain, Clinton County, to New York City which may utilize this portion of the Hudson River channel (potentially construction will begin 2013).
